NO. 10

The Clothing War.
EDITOR GAZETTE: In the *Journal* of October 3d, I made an announcement signed L. Abrahams, of the White House. This announcement sets forth that other dealers in clothing keep "humbug shops" and offer "unusable goods" to the public. He also believes that these humbug dealers "lie to deceive the public." I represent, for my part of the humbuggery, Mr. Editor, I represent that when I offer "unusable goods" I always suffer for it, and not Mr. Abrahams. The people have worn my goods long enough to know better than Mr. Abrahams whether they come from a "humbug shop" or not. During my many years residence and business in Reno, I have made my own reputation and it is safe from the interested charges brought by this newcomer at the White House.

Now, whether I keep a humbug shop or not, I shall continue to sell the best goods in market at the lowest rates. I shall sell men and boys clothing cheaper than "Whig" can give them. I shall keep more goods, and a greater stock always on hand. And all of these assertions, so far from being "lies to deceive the public" can be proven by my patrons during fair week as they have been proven any time during the past ten years.

Don't Forget It.

If you are troubled with nervousness, are disheartened, tired of life, fear death or feel out of sorts, as the saying is, you may safely conclude that you have the Dyspepsia or Liver Complaint. The liver is very apt to become torpid at this season of the year, as poisons arising from marshes, stagnant water are more numerous, and are, through inhalation, taken into the blood. Unless the liver is strong and active, and furnishes a supply of fresh and pure blood to drive out the impurities, the above mentioned symptoms surely follow, and if not checked, will lead to disease and death. White's Prairie Flower proves itself the great liver panacea. Its action on the liver is different from any medicine ever compounded. Its cure is truly wonderful. Price, twenty-five cents and seventy-five cents. For sale by our druggists, OSGORN & SHOEMAKER. aut-ecd

THE LAST AND THE NEXT.

Where, oh where, is the mantle of purity which erstwhile enveloped the manly form of Manton Marble? The Colossus of Democracy has been overthrown, and now lies a miserable wreck, prostrate at the feet of Tilden, and hidden from the gaze of astonished "reformers" beneath the mass of cipher dispatches. Even the New York Sun solemnly admits that Manton has been converted into "marble dust." Who will be next to "Reform" to sink beneath the infamy of the Tilden campaign? —*Gold Hill News*.

We gave the *News* credit for a prophetic soul, but the easy nature of this question proves us clearly wrong. In the first place Manton is not buried in cipher dispatches at all. He is now slowly undergoing a process of asphyxiation induced by the muffing of his head with dry and extinct issues labeled Democracy. In his right hand one may find at all times a bundle of Tilden legends while the walls of his cell are decorated with Marble documents of much length, little strength, and no meaning.

The mantle is in pawn with an old gentleman now living in Gramercy park. We don't like to say who will be the next reformer because we do not know. The race is not always to the swift nor the battle to the strong, and Deacon Parkinson may get there next; Fred Hart second; time immaterial.

IN BAD TASTE.

General Kittrell is campaigning again, and strong arguments clothed in ill-assorted arguments are stalking about. The General is going to beat M. A. Murphy because he is an Irishman. He makes great fun over his opponent because he is an Irishman, and says his name is "Michael," and Mike won't win. "Mr. Murphy," etc., etc. We opine that Mr. Kittrell may need some Irish votes to back his Southern support before November 5th. But hush! If you call Mr. Kittrell an unregenerated Southerner, he will esteem it personal notwithstanding his course toward Mr. Murphy.

ANOTHER SUCCESS.

The State fair for 1878 has already proven a success. The remaining two days will but increase the general result and prove that Reno and Washoe county is entitled to the honor of this society's location in return for the generosity and persistent energy of our citizens. Every business man of the town should, however, see to it that our guests are well treated. We have heard of nothing but courtesy and hospitality. The first instance of anything approaching extortion shall meet with deserved censure.

EDITORIAL NOTES.

A singular circumstance has come to light. Ever since the nomination of Bradley, our neighbor of the *Chronicle* has been engaged in a vigorous assault upon "moneyed Oligarchs" in foreign lands, varied occasionally by a close look at the commercial policy inaugurated by Confucius. Our neighbor is going away from home to get away from Bradley. He ought to secure telegraphic connection with Boriboola Gha. This would fill his paper comfortably without any necessity for original effort, and still leave room for an occasional grimace at Rev. J. D. Hammond.

There are several hogging games now running on our streets. Our attention has been called to the matter to-day and we shall look up the "hoggers." A fair game ought to be profitable during fair week, and this timely warning may prove sufficient to prevent the criminal prosecutions. In the meantime we warn our visitors to be careful how they invest.

The *Eureka Sentinel* has published a composition on "the craze for killing women." We have not read the effort, but from a cursory reading of that paper's hump-backed opinions, we believe the *Sentinel* sets the craze down as a national game, which should be regulated by a set of rules adopted in convention.

We do not believe in agitators. We take no stock in Kearney. In fact the intimidation of this metropolitan journal determined Kearney to remain East. Although this has always been our position, we feel a crisis approaching. There are several newspaper men in town who can stand watching. We

have always stood ready to guarantee with the *Gazette* a reign of law and order in Reno. But we announce now that we shirk all responsibility for the safety of movable articles during the present week.

The Elko *Independent* asks plaintively: Now what is the real issue in the present campaign? Well, now really we have time to tell you all what they are, but enough to last you might be gleaned from the Republican platform, adopted at Eureka. We think they are all there.

Beecher says "the boys" didn't treat him very well out West, but the men with big heads stood in and twiggled his true inwardness. That has always been the theory of "soul yearnings." They think it takes a man with a two-story head and cupola on top to understand them.

Mr. Deal did not "orate" last night and hence "the nation, as they call it," has as yet no other name. Mr. Deal will whisper to us at some future date.

THE CHEYENNE INDIAN WAR.

OMAHA Oct. 8.—A dispatch received from Thorneburgh says the Indians have been scattered. The dispatch confirms previous telegrams, but gives nothing later. Captain Mauk was forty miles behind the Indians. Major Dallas, with one hundred men, started from Ogallala yesterday to overtake Thorneburgh. Col. Carleton, from camp Robinson, has by this time reached the country between Snake Creek and Niobrara river, through which the Indian are expected to pass.

A Sidney (Nebraska) dispatch yesterday says a courier from Carleton's command, on Snake creek, reports the scouts of the Cheyenne's on the night of October 3d, thirty-five miles southeast of Snake Creek Station. If not discovered by the Cheyennes, Carlton intended to engage them next day.

MONTEREY.

SALINAS, Oct. 9.—The second annual exhibition of the Monterey Agricultural Society opened here yesterday with a fair show of exhibits at the pavilion and a good display of stock. In the afternoon a trotting race, for seventy-five dollars, for district double teams, took place. James Delaney entered Vermont, Jr., and Carr's Mambrino; J. G. Sanchez entered his own team, Fanny and Queen Sobe. Vermont and mate won the first heat in 3:10½. Fanny and mate took the second heat in 3:03½, the third heat in 2:58, and won the fourth heat and first money, \$60, in 3:01½. The second race was running, three in five, for \$125. Sam Tilden won the first heat in 1:49½, distancing his competitors, Oliver Cremwell and Sorrel Tom. The opening address was delivered at the pavilion last evening by Eugene Sherwood.

D. D. COLTON ON HIS DEATH BED.

SAN FRANCISCO, Oct. 9.—General David D. Colton, Vice-President of the Southern Pacific railroad company, and Financial Director of the Central Pacific railroad company, lies in a very critical condition at his residence in this city, and will probably not recover. Two months ago he was injured internally caused by a fall from a horse. He apparently recovered, but a few weeks since had an attack supposed to be hemorrhoids, but which proved to be caused by the bursting of a blood vessel in the abdomen. He is now delirious, and there is very little hope of his recovery.

LATER.—It is reported that Gen. D. Colton has just died. The rumor as yet lacks confirmation, though it is authoritatively stated that he is not likely to live until evening.

NEW PATENTS.

THE MINING AND SCIENTIFIC PRESS Patent department has received official notice of the following patents to Pacific coast inventors, for the week ending September 24, 1878, viz.:

John Gates, Portland, Ogn., steam or hydraulic steering apparatus; Alden D. Kilborn, Oakland, Cal., oil cups; Henry L. Howe, San Francisco, Cal., oil stoves; William Meyers, Oakland, Cal., converting motion; Charles C. Redmond, San Jose, Cal., cooling faucet for beer barrels; Joseph J. Bamberg, San Francisco, Cal., deep water safety bath; Trademarks: William G. Badger, San Francisco, Cal., overalls, jumpers and ready made goods for outside wear.

THE RELEASED PENNIES.

NEW YORK, Oct. 9.—Major Ely has consented to preside at a public meeting to give the recently arrived Irish political prisoners an opportunity to present statements which would show that the treatment of political prisoners in England was so barbarous, degrading and inhuman as to call for the condemnation of the friends of humanity the world over. Melady yesterday called on Dion Boucicault and thanked him for his efforts to secure the release of Condon and himself. Boucicault gives \$500 to the fund to start the exiles in business.

ENGLAND PREPARING FOR WAR.

LONDON, October 9.—The *Times* says orders have been issued from the India Office for all officers on furlough belonging to regiments in India, or whose corps have been detailed for the Afghan expeditionary force, to rejoin their posts by the first steamer. Those absent on medical certificates are directed to present themselves for examination, and should their health permit they will be pushed on to the front.

The city election at Newark, N. J., resulted in the election by the Republicans of 11 out of 15 Aldermen. We

THE INDIAN OUTBREAK.

HAT CREEK, October 8.—Messengers who have arrived at Camp Robinson this afternoon report the prairies having been set on fire thirty-five miles northeast of Hat creek by the band of Indians who were said to have crossed the Sheridan road day before yesterday. The atmosphere southeast of here is black with smoke and the smell of the burning prairie grass is very discernible. A large tract of country must be on fire, as the stock is coming from that direction on to this range.

Among our special advertisements appear one from Mr. F. A. Ebel of Sacramento. Mr. Ebel has a fine display of flowering plants at the pavilion.

The handsomest young lady in the pavilion who receives the most votes at the pavilion next Saturday evening (the gentlemen to pay 25 cents per vote) will be awarded the hat given by Mrs. Julia Prescott, valued at \$25.

Conclusive of Yesterday's Races.

In the mile and repeat race Wednesday between Glenita and Mark L a large amount of money found it's way into the pool box, coming principally from the owners of the two racers. Mark L was, however, too fleet for the mare as the sequel showed. In the first heat the horses got away without trouble and ran like a double team through the mile. Down the stretch Mark L pulled away from the mare, winning easily in 1:45½.

The second heat was very tedious owing to the difficulty experienced in starting Mark L. He started and stalled by turns for nearly one hour. At last they got away well together and ran together as before, Mark L winning the heat and race in 1:45½.

THE THIRD RACE WAS

two miles and repeat and Cousin Vic, Emma Skaggs and Bill Hazel came to the score. The pools sold in favor of Hazel against the field. At times, however, the field was nearly an even choice with the favorite. Emma Skaggs won the first heat handily after trailing Hazel for the entire distance. Time 8:46½, Hazel second, Cousin Vic third.

For the second heat Skaggs started on the inside but was collared by Hazel who won the heat easily in 1:45½. It was now dark and the judge ordered the race postponed until 10 o'clock to-day. This seemed to occasion great dissatisfaction on the part of Hazel's backers, who claimed that there could be no postponement. There were others, however, equally confident that the decision was correct. The matter will be decided to-day.

Equestrienne.

The following named ladies will ride to-morrow at the fair grounds, in the ladies tournament: Miss Martha McKissick, of Long Valley; Miss Sadie Sykes, Reno; Miss Mary Marsh, Reno; Mrs. Sarah A. Abbe, Reno; Miss Cinderella Shaber, Carson; Miss Ida Van Stickle, Carson. The tournament will commence at 10 A. M. to-morrow. The prizes to be contested for are the four silver prizes of the society, which we have already described; Grey & Isaacs offer a fine dolman cloak for the fifth prize, and Hon. Wm. Thompson of Franktown contributes fifty shars of Jones & Kinsel mining stock as a sixth prize. This exhibition of equestrian skill will ensure a large attendance at the fair grounds to-morrow.

Robbed.

Mr. Barrett was robbed a few days ago at Winnemucca of a fine gold watch valued at \$400, and \$300 in money. The robber came to Reno and was spotted by detective Len Harris. Len was not positive of his man, and therefore kept a close watch upon him. The fellow boarded the west-bound train and Harris immediately telegraphed to the officers of Truckee to watch him. This morning Len received a dispatch from James Reed of Truckee, saying: "I have your man and the watch."

STOCK PARADE,

A Fine Display of Handsome and Valuable Animals.

The parade of stock took place this morning at the track before a large crowd of spectators. The display was a very fine, many of the cattle being magnificent animals. The band in the grand stand discoursed lively music as the beasts passed by, and all that was wanting to make the affair complete was the presence of father Noah, and the ark at the half-mile stake. The following animals, entered by the gentlemen named, were in the line:

Stallions—4-year old—A. B. Evans—Ballotbox.

M. C. Lake—Cousin Vic.

POLITICAL.**REPUBLICAN PLATFORM.**
ELECTION, TUESDAY, NOVEMBER 5, 1878.

Resolved, That we re-affirm the principles of, and renew our allegiance to the party which preserved the Union, freed the slaves and maintained the essential doctrine: that this is a nation and not a confederacy bound together by ropes of sand, and that both State and national governments should give ample and complete protection to its citizens, both at home and abroad; that against the assaults of traitors and rebels the Republican party has preserved these governments, and the Republicans of Nevada now demand that every qualified elector in every State—in every State, South and North, Democrats or Republican, black or white—shall be permitted, undisturbed by force and unawed by fear, to vote at all elections, at the places prescribed by law, and that every vote so cast shall be honestly counted, and that every voter chosen by such votes, to any office shall be freely induced into it, and effectively supported in the discharge of its duties. That the permanent pacification of the Southern section of the Union, and complete protection of all its citizens, in their civil, political, personal and property rights, is the duty to which the Republican party stands secretly pledged. In order to redeem this pledge, it placed the recent amendments in the Constitution, and upon the righteous basis of said amendments it will go forward in the work of pacification, until peace shall come through right doing, and contentment through justice. That the evident purpose of the Democratic party, if it should come into full power, is to pay hundreds of millions of suspended war claims of disloyal men, already presented to Congress or awaiting a favorable moment for presentation, makes it doubly important, now that the Senate is soon to pass under Democratic domination, that the House of Representatives to be chosen in the coming election should be under Republican control.

Resolved, That the validity of the presidential term was definitely and finally settled by the forty-fourth Congress, and that the attempt shadowed forth by the Potter resolutions to disturb the title by which President Hayes and Vice-President Wheeler held their seats is revolutionary and dangerous in the extreme, and characteristic as it is of the underlying motives of the rebel Democracy call for our unanimous disapproval and denunciation.

Resolved, That it is the duty of Congress to perfect with all possible expedition such legislation as will secure to the country the benefit of an honest and fair adjustment of freight and fares on all railroads, whose construction is the result of land grants, subsidies, loans and other government aid assistance.

Resolved, That the Republican party favors and demands at the hands of the State Legislature legislation having in view the regulation and equalization of freights and fares on all railroads within this State.

Resolved, That in their shameless disregard of our avowed principles, the Democratic party of this State in their unmistakable purpose to nominate the present incumbent of the gubernatorial office for a third term, have brought upon themselves the deserved distrust, not only of every Republican, but of the more honorable and consistent members of their own party.

Resolved, That we believe in the doctrine of rotation in office, and that so believing we are opposed to the nomination of candidates to office under the State government for a third term.

Resolved, that we hail with joy the remonetization of silver as a step toward our emancipation from the grasp of the corrupt money rings of Europe and America, and we ask Congress to complete the measure of our redemption by according to silver unrestrained coinage.

Resolved, That in the legislation of the forty-fifth Congress, nothing more fully commands our approbation than the efforts of our Senators and Representatives in securing the remonetization of silver and the dual standard in the coinage of the country.

Resolved, That there should be retrenchment in the public service; that men elected to office should be qualified by education, intelligence and business habits to perform the duties of their respective offices, and that the system of deputizations and clerkships at present existing in the interest of State officers should be abolished at once and forever.

Resolved, That public lands are the property of the people, and therefore they should be reserved for actual settlers, aided in their settlement by the Government and protected in their possessions by just laws.

Resolved, That we recognize the wisdom of the framers of our constitution in providing for the taxation of the proceeds of the mines; that all taxes should be equal and uniform; that the present system of taxation is as just and fair as any that can be devised and should be preserved; that the mining corporations doing business in this State pay no more than their just proportion of taxes, while the railroad property situated within this State pay much less than its just proportion; that no more taxes should be raised any year one than are necessary to defray the actual and necessary expenses of the State during the same period, when economically and honestly administered; that the present rate of assessment of property should be decreased so as to produce only such a sum as is absolutely required to pay the expenses of the State, at the same time having due regard to the surplus of funds already in the treasury.

Resolved, That we refer with pride to the record of the Republican party in Congress, where, in spite of the assaults of a malignant and unscrupulous opposition, not one stain of dishonor rests, and not one act has been brought to light which reflects anything but renown upon the representatives of our organization and its principles.

Resolved, That labor in itself recognizes the Republican party as its exponent; demands emancipation from oppression, and elevation to its proper dignity, a just and equal place with capital, and that both are alike necessary to the well-being of society.

Resolved, That the general government should immediately take such steps as to absolutely stop the further immigration of Asiatics to our country; and that such just and peaceful measures should be adopted as may be appropriate and necessary to induce those already among us to quit our shores at the earliest practical moment.

Resolved, That the Republican party of the State of Nevada enters its most solemn protest and condemnation against any corrupt interference in the politics or legislation of this State, by moneyed rings or corporations, or the representative of aggregated wealth or capital; that we view with alarm the increasing and unceasing attempts of the moneyed powers of the Pacific States to control the elections and shape the legislation of said States; that the principal and practice are fraught with danger to our Republican form of government, and should be frowned down and resisted by every individual who

has at heart the welfare of American institutions and the freedom of the masses.

Resolved, That we are unalterably opposed to the diversion of any moneys raised by the taxation of the whole people to the use or benefit of any sect or religious denomination.

Resolved, That we solemnly declare it to be the sentiment of the Republican party that the breach of a pledge given to a nominating convention by a successful candidate for office is more disgraceful and dishonorable than the violation of any private trust or duty can possibly be.

Resolved, That to promote the advancement of education and morals, to stimulate a true and beneficial enlightenment, and to preserve to the men, women and children of this State the fruits of the taxes so cheerfully borne and generously disbursed in behalf of our admirable system of public schools; to maintain the Union and protect its flag; to guard the memories of the dead who died in the name of Union, liberty and law; and to vindicate all our acts and purposes is the aim and mission of the Republican party here and elsewhere; and, first of all, to do that which is best for the preservation and perpetuation of the party and its principles, holding all men and these the intentions we do most strenuously maintain and avow.

E. B. HARRIS, Chairman,
A. F. DONEY, Secretary
Of the Republican State Central Committee.

REPUBLICAN COUNTY PLATFORM.

Resolved, That we know the Republican party to be the party of good government, and that it has always guaranteed the greatest good to the greatest number. Bearing that an insidious foe in time of peace is no less dangerous than an avowed enemy in time of war, we refer to the glorious record of the Republican party as a full guarantee of its national use and significance. We therefore declare it to be the first duty of good citizens and the first interests of good government that the Republican party be continued as the law-making power of the land.

Resolved, That we do heartily endorse the platform of the State convention of our party, held in Eureka Sept. 18th. That we endorse the same, both in spirit and letter, and do pledge our candidates to a fulfillment of the promises therein made to the people.

Resolved, That this convention, as a representative of the Republican party of Washoe county, heartily endorses and applauds the vote of Washoe's Senators and Assemblymen in the Legislature of '77 upon the infamous Bullion Tax compromise bill. And we declare that in our best judgment such vote was cast for honesty, purity and the public good.

Resolved, That we recognize the wisdom of the framers of our constitution in providing for the taxation of the proceeds of the mines; that all taxes should be equal and uniform; that the present system of taxation is as just and fair as any that can be devised and should be preserved; that the mining corporations doing business in this State pay no more than their just proportion of taxes, while the railroad property situated within this State pay much less than its just proportion; that no more taxes should be raised any year one than are necessary to defray the actual and necessary expenses of the State during the same period, when economically and honestly administered; that the present rate of assessment of property should be decreased so as to produce only such a sum as is absolutely required to pay the expenses of the State, at the same time having due regard to the surplus of funds already in the treasury.

Resolved, That we refer with pride to the record of the Republican party in Congress, where, in spite of the assaults of a malignant and unscrupulous opposition, not one stain of dishonor rests, and not one act has been brought to light which reflects anything but renown upon the representatives of our organization and its principles.

Resolved, That labor in itself recognizes the Republican party as its exponent; demands emancipation from oppression, and elevation to its proper dignity, a just and equal place with capital, and that both are alike necessary to the well-being of society.

Resolved, That the general government should immediately take such steps as to absolutely stop the further immigration of Asiatics to our country; and that such just and peaceful measures should be adopted as may be appropriate and necessary to induce those already among us to quit our shores at the earliest practical moment.

Resolved, That the Republican party of the State of Nevada enters its most solemn protest and condemnation against any corrupt interference in the politics or legislation of this State, by moneyed rings or corporations, or the representative of aggregated wealth or capital; that we view with alarm the increasing and unceasing attempts of the moneyed powers of the Pacific States to control the elections and shape the legislation of said States; that the principal and practice are fraught with danger to our Republican form of government, and should be frowned down and resisted by every individual who

and valid during his official term, that there is no power in any committee, State or county, to revoke them, and that a breach of such pledges is more disgraceful and dishonorable than the violation of any private trust or duty can possibly be.

Resolved, That we recognize property as the product of labor applied to forest, field, forge, furnace, mine and manufacture. That the wealth of any State or nation is proportionate to the number of its laborers. That States are more or less prosperous according to the wages which its laborers command, and that labor is the product, while capital is only the result of such production. Believing that the principle of capital luxury to the few while well paid and prosperous, labor deserves to be well paid. We declare our wish that the interests of labor shall have a governing influence in shaping the affairs of state, thus bringing the greatest good to the greatest number.

Resolved, That the convention refuses to confer any appointing or elective power whatever upon the county central committee which shall be named by this body. We recognize the right of the people alone to delegate to all conventions of the party, and we repudiate any other course as a manifest attempt to usurp by committee action rights which belong alike to every Republican.

Resolved, That our Senator and Assemblymen are pledged against remission of the penalty of \$125,000 due the State from certain mining companies doing business in Storey county, and to oppose any bill looking to relieve such companies from said obligations.
